

Raising the bar of professional coaching in Michigan

***Annual Membership Application
Effective July 1, 2011***

The Professional Coaches Association of Michigan (PCAM) is a statewide community of coaches dedicated to promoting professional coaching. We are affiliated with the International Coach Federation (ICF), and together we are setting the standards and leading the charge for the future of coaching throughout the world.

If you are a coach who is considering joining PCAM, you will be part of a vibrant organization with a unified voice to represent and support professional coaching in Michigan. You will find other coaches who believe in the abundance of opportunities, and who are willing to support you and challenge you. For more information on membership benefits, please visit our website at www.michigancoaches.org.
